**INTRODUCTORY COMMENTS**

This communication is in response to the Final Office Action dated December 8, 2005 with a 3-month period within which to reply. The claims of the present application were restricted from the parent application as a separate invention, and filed in the present application as a divisional. The parent application issued as U.S. Patent No. 6,862,617 on March 1, 2005.

STATEMENT OF SUBSTANCE OF EXAMINER INTERVIEW

of February 1, 2006 -- required under 37 CFR 1.133(b)

Administrative Details

Telephonic Interview With Examiner of February 1, 2006

Participants: Examiner Ashok Patel; and Mark Farrell, Lee & Hayes, PLLC

Issues Discussed

This summary comprises a complete and proper recordation of the substance of the interview as defined in MPEP § 713.04.

Applicant asked questions regarding double patenting rejection over parent application and possible use of terminal disclaimer.

On a second thought, Applicant suggested double patenting rejection was improper because instant application is a divisional application of the parent cited in the double patenting rejection.

Examiner stated that 35 USC section 102 rejection would probably have to be overcome in an Office Action response to gain allowance.

No agreement on the issues was committed to by either party.
